My name is Olivia and I am a female and I love the farm. I have so much fun here. I love to get attention. I will come right out and see you if you were to stop by. I love to have my mustached braided and my hair done.

I eat anything in my path. Sometimes I am so hungry that I feel like I could eat a small child! I could chew on a tire all day.

One major crush I have is on Deac. He is the best. I always like to look my best for him. He is the greatest! My main competition for Deac's attention is from my own sister, Frances. We will eat anything to impress him. I think Frances is no good for Deac because she smells everything.

Back to me now... One of my hobbies is to sun and work on my tan. Sometimes I wear my bikini and take a splash in the mud.

Frances and I like to sleep in the hay piles until the goats come by for lunch then we have to go find another pile. They always like to eat of the pile that we are sleeping in, how does that work, there is plenty of hay around here to go around.

I love when the kids come up to visit. They always love on us and have good treats for me. I love to follow them around the barnyard while they do their chores.

Life is good up here on The Children's Home Farm!
